PLEASE READ ALL INSTRUCTIONS CAREFULLY

SAFETY INSTRUCTIONS:

- The product may only be disassembled and reassembled by qualified and trained personnel.
- Danger to life due to electric shock! Under no circumstances do not touch live wires!
- Never insert foreign objects into the entrances!
- Danger of injury if tripping! Always follow the rules for safe cable installation!
- Use only in a dry indoor environment. Do not use in wet or humid environments.
- Do not expose to rain. Do not expose the product to water or oil. Do not use near a heat source.
- Clean the product with a dry cloth.
- This product is not suitable for children. The maximum product load is marked on the product label, do not exceed this value.

OPERATING INSTRUCTIONS

The charging adapter is designed to charge compatible devices. Compare the specifications of your device with the specifications of this product to see if they are compatible.

CONNECTION AND OPERATION

1. Connect the USB cable to the USB port on the charger. Plug the adapter into an electrical outlet.
2. Connect the cable to the device that you want to charge.
3. After use, disconnect the cable and unplug the adapter.

WARRANTY AND LIABILITY

- As the manufacturer has no influence on the installation, the warranty only applies to the product itself.
- The manufacturer is not responsible for damage to persons and property caused by incorrect installation, maintenance or operation not described in this manual.
- Do not repair or modify the product or accessories.
- Use other than that described in this user manual is not permitted and will result in loss of warranty, guarantee and liability.
- Typographical errors or changes to the equipment, packaging or instructions for use are reserved.
